Message from the Fire Chief: What's a traditional Christmas morning scene without a beautifully decorated tree? If your household includes a natural tree in its festivities – keep the tree watered! Typically, shorts in electrical lights or open flames from candles, lighters or matches start tree fires. Well-watered trees are not a problem. A dry and neglected tree can be.

Snow Emergencies: Borough Council has implemented the following policy for snow removal: During the course of any snow storm (an accumulation of snow or sleet greater than two inches) parking shall be on the even numbered side of all borough streets until plowing is completed on that side. After 8 a.m. on the day following the snow storm, parking shall be on the uneven numbered side of all borough streets. Please cooperate with these restrictions to make snow removal easier for the street department.

***Have a Merry Christmas
And
Happy New Year!***
